MAHMOUD A. M. HASAN
Victim - Palestine

The extensive investigation into the murder of the Hamas official Mahmoud Al Mabhouh in a Dubai hotel last month, has led to a total of 26 suspects being identified. In addition to the previously released list of 11 suspects, Dubai Police has now identified another 15 suspects, who include a woman who used British passports, a man and three women travelling on Irish passports, two men who used French passports, and three people with Australian passports. The Australians included a woman.

Al Mabhouh, who was born in the Gaza Strip but had lived in Syria since 1989, was killed in his hotel room on January 19, a day after he arrived in Dubai.

Dubai Police has said it is virtually certain that Israeli intelligence agency Mossad carried out the killing, and Foreign Minister Shaikh Abdullah Bin Zayed Al Nahyan vowed to bring those responsible to justice.
